VOL. XIV. NO. 5

**BICKNELL
BROS.
CORNER.**

THE RAGLAN AND THE RYTON

These are the Two Swell Overgarments for Young Men.

Prices, \$12, \$15, \$16, \$18, \$20 and \$25.

They are cut long, loose fitting, and with both bias and vertical pocket openings, with and without cuffs. They are strictly swell in appearance, and comfort giving both in warmth and ease. The fabrics most used are Frieze, Meltons, Cheviots and "Knitnot" Worsteds. Colors—Oxford Grey, Black and Brown.

THE RYTON

Is a long overcoat, cut very full and loose, with vertical pockets. An elegant coat in appearance and just the thing for the man who wants a rich, warm coat of ample proportions that is adapted for all kinds of wear.

THE RAGLAN

The distinctive feature of the Raglan is the way the sleeves are set in at the shoulder points. The Raglan is an easy fitting, graceful coat, becoming to almost every style of figure. It is unusually popular this season.

THE PLACE to buy these goods is most assuredly at Bicknell Bros. WHY? Because Hart, Schaffner & Marx cut the swiftest fitting Raglan and Ryton, and Bicknell Bros. have the exclusive sale of their goods for Lawrence.

LOCAL NEWS.

If you see it in the *Townsman*, it's news to be relied upon; if it is news and so, you'll see it in the *Townsman*.

Miss Rena Smith has been ill with the grip.

Barney Gould has returned to Andover from a trip around the world.

The LeKoi Belt concert company was located in North Andover last week.

Several new subscribers on the Andover exchange have had telephones put in.

The Andover Blackstockings expect to play the Tigers of Methuen on Saturday, Nov. 17.

The monthly meeting of the Andover Cricket club will be held in the Village hall Tuesday evening, at 8 o'clock.

The Andover Zouaves and Andover Brass band went to Haverhill last Friday night to participate in the Republican County parade.

Tasker Howard, P. S. '90, of the Pennsylvania second team, and C. N. Kimball, P. A. '98, of Yale, were in town this week.

A course of lectures on Body Building will be given by Corilla Banister, Wednesdays at 3 p. m., at 244 Main street, beginning the 14th.

A. H. Findlay, the noted golfer and head of the golfing department of Wright & Ditson, with Robert Stronnar, visited the home of G. A. Christie, yesterday.

E. Kendall Jenkins ran way ahead of his ticket in Andover, as was to be expected. His election was by a large plurality much larger than was anticipated. Mr. Knox also ran well here.

It seems to be due to the fine old County of Essex to say that it knows how to testify its appreciation of the services of a veteran treasurer who has served her faithfully for a score of years when it gets a good chance.—*Boston Herald.*

Cashman, goal tender on the Brockton polo team, formerly an employee of the local American express company, played a fine game against Lawrence at the city hall Wednesday night. Many Andover people attended.

E. M. & W. A. Allen have put in a handsome new show case for candy. Their store is now brightly lighted with acetylene gas, which gives a strong, white light, very steady and with great illuminating qualities.

Dr. and Mrs. J. P. Torrey returned to Andover, Wednesday, after a wedding journey to Toronto, along Lake Champlain to Montreal, where a few days were spent sight seeing and visiting the hospitals. Dr. and Mrs. Torrey will reside on Essex street.

It was stated Thursday morning that Levine, Andover's fullback, who was injured in Saturday's game with Harvard Freshmen, will be unable to play in the Exeter game in consequence of injury to his head, but there is slight chance that he will be out of the game.

At the last regular meeting of the W. R. C., the ladies voted to meet in the afternoons of the regular meeting nights and sew for the fair which is to be held by the Sons of Veterans. The first afternoon meeting will be held Tuesday, Nov. 13, at three o'clock and a full attendance is desired.

The Society of King's Daughters at the South church gave a reception to the past, honorary, and associate members last Friday evening at the Church vestry. A supper was served during the evening. The tables were arranged very artistically in a hollow square with palms and ferns in the centre.

The girls of Pynchard have organized a basket ball team and have elected Kathryn Moynihan as their captain. She is counted one of the best players in the state by basket ball teachers. She expects to have a good team as she is well able to captain it.

The Rev. Edward Osborne, Superior of the Society of St. John the Evangelist, will preach at Christ church next Sunday evening at 7 o'clock. Fr. Osborne, as he is called, was for several years stationed in South Africa, in the region of the late Boer war and he will speak of the country and his experiences there. The service will be choral.

Closed cars are now running on the Lawrence & Reading road. They are heavy and substantial, and the electrical equipment corresponds (perhaps is a little ahead) in its down-to-dateness of the open cars.

The vestibules are roomy, but Supt. Shepard has introduced some new rules—one of which is that the vestibules shall not be occupied by passengers unless necessary to accommodate the crowd. This rule is approved by all except slaves to the wheel, for on most lines the front vestibule is permitted to smokers. Another rule—and it is a good one, too—is that no standing up is allowed when there are seats in the car.

Riding in these cars is almost as comfortable as in the steam cars, and it's cheaper—the Lord knows.—*Reading Chronicle.*

Arthur Elias, Druggist

Meeting of Royal Arcanum tonight. A large attendance is desired.

Geo. D. Pettee, of Cleveland, O., was in town this week to vote.

Rev. and Mrs. Francis H. Johnson left town last Tuesday for Santa Barbara, Cal., where they will spend the winter.

Mrs. James N. Smart has closed her house on the hill and will spend the winter in Boston, at the Waldo, 130 Huntington avenue.

Maud J. Orcutt had her arm broken while playing with some little girls at the primary school a short time ago. Dr. Richards is in attendance.

The second service at Christ church on Sundays will begin hereafter throughout the winter at 7 p. m.; except on the first Sunday of the month, when it will begin at 4 p. m.

Barnett Rogers will sell at public auction on Saturday, Nov. 17th, at 1 o'clock sharp, all the stock and farming implements at the Goldsmith farm in West Andover.

At the Harvest festival to be given Thursday, Nov. 22, under the auspices of the Whistover society, in the Fred church vestry, a little play entitled "Rubber Boots" will be presented.

William B. Carpenter, P. A. 1886, Harvard 1890, who has been for seven years sub-master in the Woonsocket (R. I.) High school, has been elected instructor in the Mechanic Arts High school in Boston, and has begun service there, residing in Dorchester.

Mr. Farquhar, of Boston, stated at the Florists' and Gardeners' dinner that the organization could give Boston florists and gardeners points on staging fruits and vegetables; also that the Boston flower shows only rival Andover in size, but do not excel in general merit.

A Thanksgiving sale will be held in Christ Church Parish house on the afternoon and evening of Tuesday, November 27. This will afford an excellent opportunity to buy every kind of dainty suitable for the Thanksgiving season.

Ripe raspberries were brought into the Townsman office this week by Letter Carrier Joseph Blunt. Alice M. Gray displayed green strawberries, well formed. Last week Friday, Mina McIntire picked blueberry blossoms and violets. Farmers fear for their fruit crop of next season.

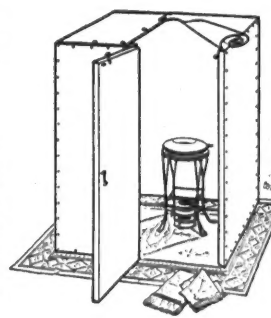

Timothy Sheehan paid an election bet Wednesday night by wheeling Geo. Goodwin in a barrow from Gleason's office, down Central street, up Chestnut and back to the starting point. The passenger wore a tall hat, bore an American flag, a horn and burned red fire during his free ride.

An election bet between two academy boys bids fair to fail of payment. If McKinley won, a student while on his hands and knees, was to roll a peanut from Burns' to Campion's corner while the student who had the other end was to do the same should Bryan have won. The loser is blacking his opponents boots, filling his lamp, and will pay him \$5, to escape payment.

Many exclamations of delight were uttered by people along the route of the procession last Monday evening when the Washington mills mounted battalion passed. They presented a good appearance collectively but especially noticeable was Lieut. Kendrick and his beautiful horse. The animal seemed to enter fully into the spirit of the occasion, keeping step accurately to the music. At the word of the rider he would waltz, wheel and perform other intricate movements like a well bred dancer or a highly educated circus horse. Rider and animal were as one, in thought and action.

AN old man was refused insurance by a Company because he was 94 years old. "What of that!" he cried; "look at your statistics: fewer persons die at 94 than at any other age." You see he was right but not reasonable! So, you are right when you say you can get along without Chase & Sanborn's Seal Brand Coffee. But is it reasonable not to give this famous coffee a single trial? A wagon, you know, can get along without grease—but it goes hard!

Mr. and Mrs. John Galvin of Wakefield, spent Sunday with relatives in the Vale.

The Ballardvale mills were shut down Monday on account of William L. Strong's funeral.

Miss Isabel Miller has been spending several days with her friend, Miss Maggie Mungal of Lawrence.

The Methodist Ladies' Aid society met last Tuesday evening at the home of Miss Martha Lawrence, Chester street.

The first number in the Bradlee course of entertainments, was given last Wednesday, consisting of a concert by the Tremont-Svenson Combination. The singing by the Tremont Quartette was good and the playing of the Svenson Trio was excellent.

Steam pipes have been placed in the hose tower so that hose can be rapidly dried in the winter, thus saving labor and preserving the hose. These improvements have been obtained largely through the tireless energy and perseverance of Engineer Simpson, who is always laboring to increase the efficiency of our fire department. Considerable grading and work is being done outside the engine house, which greatly improves the appearance.

Howell F. Wilson attended the funeral Monday of ex-mayor William L. Strong of New York city, one of the trustees of the Ballardvale mills. Many city officials and prominent men were present including President McKinley's brother. The deceased was one of the President's most ardent supporters being one of the leading organizers of the great business men's parade, which took place in New York city, last Saturday evening, but which Mr. Strong was not able to witness.

Resolutions.

Whereas: It has pleased Almighty God in his Divine Providence, to remove from our midst our esteemed sister, Mrs. Linda McEnroe, be it

Resolved, That Ballardvale lodge, No. 105, has lost one of its most faithful and efficient members and that the remembrance of her many good deeds will always prove an incentive for us to do better work.

Resolved, That we extend our heartfelt sympathy to her bereaved sister Mrs. Eva Peck and family, also her other relatives, fully realizing how great a loss they have sustained.

Resolved, that these resolutions be spread on our records, a copy sent to her sister, and also that they be published in the Andover Townsman.

Daniel H. Poor,
Mrs. J. H. Smith,
Miss Etta Greenwood,

One on the Moose.

As you know, Maine is one of the best hunting regions in the world, and though remote, as it is, from the busy centers, it is made accessible by the network of railroads which run in every direction into the vast forests of the state.

Deer are plentiful, and the sportsman who goes into the woods and does not bring down at least one deer is hardly entitled to be called a sportsman; in fact, they are so numerous that they are often seen feeding in the streets along with the cattle.

Of course, the huntsman in search of moose has to penetrate deep into the forests, and oftentimes the hunt becomes perilous and many hardships are encountered, though in the excitement of the chase the dangers are forgotten.

The narrations of the incidents of a moose hunt are always interesting, so that the following notes may not be out of place:

After a day's wearisome tramp, we pitched camp not far from what is known as a moose-yard. The night air was bitterly cold, and when we awoke we found the ground covered with snow—a fine condition for moose hunting. We plodded along for perhaps two hours when we came suddenly upon the tracks of a moose; these we followed for some time without anything of importance happening, but just as we were about to ascend a slight rise there appeared before us the form of a moose. He was a fine specimen. His antlers spread out with kingly magnificence, and he hardly seemed to appreciate the nearness of his captors. We moved with great caution hoping to attain a position where a better shot would be possible, and just as my friend fired the old fellow, evidently scenting trouble, started away at a brisk gait. The shot, however, overtook him, for, immediately there was a snorting and tearing about that was something frightful. The battle was then on, and for a short time it was fast and furious. We sought shelter where the operations of "his majesty" could be observed without bodily harm. His thrashings continued for some few minutes, when suddenly he made a start in our direction, and, to tell the truth, I felt a little squimmy; the captain was right at home, and he fired. The shot ploughed into the shoulder of the infuriated monster and impeded his progress; the second and third shots brought him down, and a more pleased party of huntsmen is seldom seen.

The Boston & Maine Railroad and its connections lead direct to the great game regions of Maine and New Hampshire, and the publication which is issued by the Boston & Maine Passenger Department, Boston, known as "Fishing and Hunting" describes how and where to shoot. Send for it, the cost is but a two-cent stamp.

PURE BLOOD

Necessary to Life.
Vinol Makes it.

POOR BLOOD CAUSES ERUPTIONS AND WEAKNESS.

Vinol Makes Pure, Rich, Red Blood.

BECAUSE WE KNOW THIS WE GUARANTEE ITS ACTION.

Impoverished blood is a sure sign of internal disorders. We see every day too many people whose faces plainly show that there is something radically wrong.

We want all of our fellow-citizens to know of our splendid blood purifier and blood maker.

We refer to Vinol.

Vinol, as we have before stated, is a purely scientific preparation.

Vinol owes its virtue to the fact that it contains in a highly concentrated state the active curative principles, taken from the livers of live cods—the same elements that formerly were found in cod-liver oil, and which made it famous.

Vinol does not contain the grease or fat that characterized cod-liver oil and made it in many cases worthless.

Vinol acts upon every one of the great vital organs, and by invigorating and giving them strength, enables them to properly perform their functions.

Vinol's effect on the stomach is marvelous. It tones up this, the greatest of the organs of the body, and enables it to obtain from the food which is taken into it the necessary elements to create flesh and muscle tissue, bone structure and pure, rich, red blood.

We are in receipt of a letter from a Salvation Army woman which reads as follows:

"I took Vinol after a bad attack of grippe, and so much good did it do me that I persuaded my sister to take it. She was all tired out. Had no appetite and her blood was very poor. It did her as much good as it did me."—BETSY HABERSHAW, 718 River St., Fall River, Mass.

Won't you please come in and see us? We are always glad to extol the merits of Vinol.

We will give you back your money if you don't find Vinol will do all we claim it will. Could any one do more for you?

E. M. & W. A. ALLEN,
Musgrove Block.

ODD ITEMS.

They are holding a prize package at the Poland, Me., market. A S. S. S. board box badly smashed, which had contained fresh laid eggs, now distributed about the box and other contents of the mail pouch in which it arrived. It was addressed to a Greeley hospital patient who will never receive the gift. Postal officials say it is the first instance in their recollection that any one ever tried to mail eggs as first class matter.

Hot water is very difficult to obtain in Cuba. Water is heated in small vessels, and a surprisingly meager amount seems to be needed in the days work. Cuban cooks have developed the system of washing dishes in cold water to an art, but American servants find it difficult to get accustomed to this hot water scarcity.

THAT THROBBING HEADACHE.

Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and build up your health. Only 25 cents. Money back if not cured. Sold by Arthur Bliss, Druggist.

Lightning rods are nearly as erratic as lightning. They have their times and seasons, and come and go. For a number of years they have been out of fashion, for no apparent reason. Now, whether it is because there is a new crop of enterprising lightning rod agents, or that builders in the suburbs of Brooklyn are interested in the business, most of the many new houses going up in that part of the city are crowned with metal spikes.

CANCER IS NOT INCURABLE

Time was when Cancer was considered as incurable as leprosy. Physicians and friends could give little relief or encouragement to one afflicted with this terrible disease. Even now doctors know of no remedy for this fearful malady; while admitting it to be a blood disease, they still insist that there is no hope outside of a surgical operation, and advise you to have the Cancer cut out, but at the same time cannot assure you that it will not return. You may cut or draw out the sore, but another will come in its place, for the disease is in the blood—it is deep-seated and destructive, and beyond the reach of the surgeon's knife or caustic, flesh-destroying plasters. The blood must be purified and strengthened, the system relieved of all poisonous, effete matter before the Cancer sore will heal.

S. S. S. is the only medicine that can overcome this powerful and contaminating poison and force it out of the blood. It builds up and invigorates the old, and supplies new, rich, life-giving blood. S. S. S. is a purely vegetable remedy; no mineral can be found in it; the roots and herbs from which it is made contain powerful purifying properties that act directly upon the blood system and make a safe and permanent cure of Cancer. It has cured thousands, why not you?

Cancer is not always inherited; your family may be free from any taint, yet your blood may become so polluted that a severe and stubborn form of the disease may develop from a sore or ulcer on your tongue or other part of your body; a slight bruise or hurt, a little pimple on the eyelid, lip or nose, a small lump on the jaw or breast, a harmless looking wart or mole, and other causes so insignificant as to attract little or no attention. If you have an obstinate sore, don't rely upon salves or ointments to cure it—begin with S. S. S. at once; it will cleanse your blood and prevent the formation of cancerous cells.

Mrs. R. Shirer, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the ear on the left side of my face. At first it gave me no trouble, and I did not think it was anything serious until the jaw began to swell and became much inflamed. At the same time the sore began to spread and eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing seemed to do me any good. I then began the use of S. S. S., and after taking several bottles the Cancer healed, and I am now as strong as the day I began the disease. This was two years ago, and I am still enjoying perfect health."

Send for our special book on Cancer; it contains much information that will interest you; it is free. Write our physicians about your case, and for any advice or information wanted; they have made a life study of Cancer and all blood diseases. We make no charge whatever for this.

EDISON'S PHONOGRAPH

Better than a Piano, Organ, or Music Box, for it sings and talks as well as plays, and does not cost as much. It reproduces the music of any instrument—band or orchestra—tells stories and sings—the old familiar hymns as well as the popular songs—it is always ready. See that Mr. Edison's signature is on every machine. Catalogues of all dealers, or NATIONAL PHONOGRAPH CO., 135 Fifth Ave., New York.

Phillips Andover Brieflets.

The students held an election last week and the result gave McKinley 137 votes, Bryan 18, Populist 1, Prohibition 8, Socialist-Labor 1, Dem. Socialist 4, other parties 2, total 171. McKinley's plurality was 119.

Rogers, Exeter's left tackle broke his shoulder blade in practice last Tuesday and his place will probably be taken by Sherman, a candidate for end. Rogers hailed from Lawrenceville.

There has been an extraordinary large advance sale of tickets for the annual football game tomorrow afternoon between the rival Phillips academies at Andover and Exeter, and there promises to be a record breaking attendance. The game will be called at 2 p. m. on the Andover campus. Harvard and Yale Andover and Exeter clubs will occupy seats on either side of the field. Two new stands have been erected with a seating capacity of 192.

What Shall We Have for Dessert?

This question arises in the family every day. Let us answer it to-day. Try Jell-O, a delicious and healthful dessert. Prepared in two minutes. No boiling, no baking, simply add boiling water at 1 set to cool. Flavors: Lemon, Orange, Raspberry and Strawberry. Get a package at your grocer's today. 10 cts.

FOOTBALL

P. A. II, Harvard Fresh. o.

The last game before the Exeter contest was that played Saturday with Harvard Freshmen, captained by Burgess of last year's Exeter team, and with Jones of the same eleven at tackle. Andover won, 11 to 0. Jones played a very "dirty" game, trying to put out all the Andover men he could and succeeded well in the case of Levine and Collins. The former he gave the shoulder to as the latter was making a long run along side lines; the latter he kneed and slugged on the ground after he had been downed. Levine had a nasty fall after a somersault in the air and was unconscious some little time.

For Andover, Cotton, Burke and Reeves played fast football. Cotton was especially good on running back punts and Reeves in circling the ends.

Andover's line held well at critical moments. She was lucky in her touch-downs, getting one on the fumble of a punt.

ANDOVER. Burke, l e, r e, Burgess Botchford, l t, r t, Jones Weeks, l g, r g, Jackson Chase, c, c, Bleakie Kinney, r g, l g, C. H. Robinson Connelley (Bissell) r t, l t, Dodge Matthews, r e, l e, Hutchinson (Thayer) Cotton, qb, qb, Robinson, (Marshall) Reeves, l h, l h, Pruyn Collins, Stoddard, Leavenworth, Dickinson) r h, Lindsay (Mackay) Levine (Owsey) fo, rb, Mier (Skilton)

Score: Andover, 11; Harvard, 0. touch-downs—Levine, Owsey. Goal from touch-down—Connelley. Referee—Freeman. Umpire—Townsend. Linesmen—Murphy and Skilton. Timekeeper—Chase. Time—25-minute halves.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it. Of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by Arthur Bliss, Andover, C. H. Shattuck, Ballardvale.

MATRIMONY BUREAU.

"We never have any trouble getting a cook."
"You don't?"
"No; it's known all around our end of town that every girl who lives with us gets married before the year is out"—
Indianapolis Journal.

Many Chinese use their hollow idols as savings banks.

In Germany it is considered necessary that a child should "go up" before it goes down in the world, so it is carried upstairs as soon as it is born. In case there are no stairs the nurse mounts a table or chair with the infant.

Perry made the first steel pens at Birmingham, Eng. in 1824, selling them at 90 cents apiece. The weekly output of that city just now is 20,000,000, and some are sold for five cents a gross. After pens comes pins, iron and steel wire, metallic strings for pianos. One house alone makes eight tons of these a week. Fifty thousand weeding rings are made there every year. All the canaries in England live in cages made in Birmingham, and all the bronze money is turned out there. The collages amounting to 82,000 penny pieces every 24 hours. Twelve tons of pins are manufactured every week. Screw making is one of the important industries, and that which made Mr. Chamberlain a millionaire.

It's Easy To Take

Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

SCOTT'S EMULSION OF COD LIVER OIL

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anæmia.

SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.

See and hear our druggists. SCOTT & BOWNE, Chemists, New York.

VOTE OF LAWRENCE

Peculiarities of the Result. Bryan Carries the City by 95, Crane by 19, and Flynn by 109.

The vote of Lawrence was a large one but not abnormally so, considering the exceptionally large registration. Despite the prophecies, Mr. Flynn did not materially increase his plurality over 1898. It was thus that he lost his election, for Lowell and Woburn reversed their preferences and were carried by the Democratic candidate. The vote for Mr. Jenkins in this city was a splendid tribute to him as a man and a faithful official. Bryan and Stevenson carried this city by 95 and Governor Crane by 16. Senator Currier made a fine run and got a splendid plurality in Lawrence.

Gas Now an Issue.

We hope no public spirited Andover citizen will ever think of such a thing as giving a hospital or some other donation of the sort to Andover, for we should likely see others promptly tumbling over themselves to do the same thing. At least later events in Andover public affairs would indicate such a happening. A street railway company wanted a franchise to run cars from Andover square to North Andover; at once a road that had been in business for years decided that they "had always thought that was a good thing," and wanted it also. Now the Lawrence gas company considers it a good business proposition to extend its gas service to Andover, and behold a few local citizens promptly see the same vision, springing up as a long deferred hope.

With a desire not to prejudice the public in any way whatever upon this question, it seems to be in order to let them know just what the situation is. Everything being equal local interests should be first considered in every public improvement. The general understanding has always been that the Andover Electric company held a franchise for gas in Andover. The charter of the Lawrence gas company also covers Andover in its rights. In an interview with J. W. Barnard, it is learned however that the gas franchise supposed to belong to the Andover Electric company is not one of that Company's assets after all, but is held by several individuals who call themselves the Andover Gas Company. Mr. Barnard further states that this franchise will now be taken up by some Andover gentlemen, assisted by Boston bankers and others, and if they are given the rights to use Andover streets they will build a plant at once.

From this it will be seen that the selectmen are to be called upon to decide between an existing foreign company already doing a successful business, and a new company to be organized for the express purpose to keep the other one out of the field. Both companies are circulating petitions which the public should sign with a full understanding of the situation.

The Voter's Duty Well Done.

The result of the election in the nation is now a matter of history. The American voters have again showed that they are worthy of the trust which the Constitution places upon them.

The part which Andover played in the great national contest was her same loyal note contributed to the great whole, which she has always contributed in times of testing the American conscience. In the local field she played a much more prominent part, and the general satisfaction on every hand over the results, shows that the Townsman gauged Andover public sentiment aright when it urged an honest weighing of each candidate as the only test. That the choice of the party to which most of the Andover voters are allied, was not endorsed may not be agreeable to some, but there are times when strong medicine is necessary, and the situation last Tuesday seemed to require such a dose. It has seemed as if many of the political manipulators of late had felt that anything labelled republican would pass. If the result of last Tuesday in several contests shall prove the error of such reasoning it will have been a grand day's work. Particularly pleasing is the splendid reelection of our townsman, E. K. Jenkins to the county treasurership. Against seemingly overwhelming odds, he is endorsed for another term, and the emphatic rebuke to political chicanery which such an endorsement administers, will not soon be forgotten in Essex County.

The satisfaction over the continuance of Mr. Jenkins in an office which he so well adorns is not one bit more to the lover of good government than is the fact which is thus made manifest that might does not make right in politics any more than in any other part of life. Mr. Jenkins is not only continued in office but the people of Essex county have been proven to be greater than the bosses of Lynn. The whole election is a grand victory for good government.

Editorial Cinders.

Senator Currier's vote in Andover was the handsomest endorsement ever given to a democrat by Andover voters. He should be proud of it, and continue to merit it by another year of good work at the State House as the representative of the whole people.

The directory which is being given to Townsman prompt payers, is much appreciated. Parties sending checks may have a book saved for them if they will so request, but the book cannot be sent by mail unless ten cents in postage accompanies the request.

REPUBLICAN PARADE.

Torch-light Procession a Big Success
Great Enthusiasm Along the
Line of March.

Many Handsome Illuminations.

Andover's great interest in the political situation this fall was shown by the large turnout of citizens to participate in the parade Monday night and by the elaborate character of the decorations. Hardly a house along the line of the procession which sheltered a good Republican family, and they were in the majority, but made some special effort at illuminations and the paraders were greeted everywhere by cheers and applause as they marched along.

Early in the evening the town company and cavaliers of horsemen assembled in the square, where the horsemen received instruction from Marshal Berry and his aids. Soon the P. A. Rough Riders, on foot, arrived and the line of march was begun to Frye Village to an inspiring quick-step played by the Andover Brass band. As the men passed the residence of William M. Wood, red fire was burned, sky rockets whizzed and Roman candles sputtered. At Frye Village centre the parade was halted, awaiting the arrival of the Lawrence companies which were expected. Shortly after 8 o'clock the Washington Mills battalions arrived, joining their mounted men and the occupants of five open barouches. The Methuen Farmers, the Naval Queens and the Arlington Mills Rough Riders were expected but they backed out at the last moment, so that only a few of these companies appeared and these took no active part in the parade.

The parade was formed as follows:

FIRST DIVISION.

J. Warren Berry, Chief Marshal, and Aids.
Andover Mounted Battalion, 40 men.
Andover Rough Riders.
Ammon Richardson, captain, B. F. Smith, Joe Pitman, Chas. Higgins, K. A. Watson, lieutenants, 40 men.
Andover Brass Band.
Arthur Bliss, leader, 25 men.
Andover Cavaliers.
Joseph Myerscough, captain, 1st lieut., Gordon May, 2nd lieut., William Counts, sergeants, David Coss, Jack Coss, Corporals, Cutter Foster, F. H. Chadwick, 50 men.
Phillips Academy Drum Corps.
E. H. Leonard, leader, 10 men.
F. A. Rough Riders.
Hazenwinkle, general, Halpen and White, colonels, 60 men.
Brake with prominent citizens.
John Nee and wheelbarrow with empy of Bryan.

SECOND DIVISION

Dr. C. H. Gilbert.
Assistant Marshal and Aids.
Washington Mills Mounted Battalion.
Willis Kimball, captain, C. Kendrick, lieutenant, 20 men.
Five barouches containing officials at Washington Mills.
Mechanics Brass Band of North Andover, Fred Gagnon, leader, 20 men.
Washington Mills Battalion.
Co. A—Harry Robinson, captain, 1st lieut., Hudson, 2nd lieut., Goodbody, Co. B—Henry Bodwell, captain, 1st lieut., Lamont, 2nd lieut., Johnson, 10 men.
Carriages containing citizens.

Leaving Frye Village shortly after 8.15 o'clock, the procession moved over the macadamized road toward Andover. At the residence of William M. Wood, fireworks were set off in large numbers and a bonfire burned on the lawn. The men were halted and three rousing cheers given for Mr. Wood, who took a special interest in the companies from the Washington Mills. From there the march was resumed to Marland Village and Abbott Village. Many houses in both villages were illuminated handsomely with red, white and blue tissue paper at every window, while quantities of red fire was burned. Over Cuba and Mineral streets went the paraders. At Smith & Dove's the whole building was brilliantly illuminated and a transparency bearing the word "McKinley" occupied a position on the roof.

Up Essex street, down Central, up Phillips, down Main to Morton, to Abbot academy premises, counter march to Morton, to Main, to High, to Maple avenue, to Elm, to Summer, to Whittier, to Chestnut, to Park, was the course of the paraders. At Park street the men were supplied with sandwiches, cheese, doughnuts and coffee by teams from F. P. Higgins and Bemis's, the hour being eleven o'clock. Afterwards the Lawrence men embarked on special cars for home.

Along the line of march, cheers and applause, red fire and whizzing Roman candles, brightly lighted houses, and enthusiastic onlookers greeted the procession as it passed. Many favorable comments were heard upon the excellent marching of all the companies. Among the houses noticeably well illuminated were the residences of the following: William M. Wood, Mrs. Esther Byers, J. E. Kimball, Col. Ripley, B. F. Smith, Ezra L. Abbott, Geo. H. Torr, E. P. Chapin, Mansion house, Dr. Bancroft, William S. Knox, Mrs. Whittemore, Abbot Academy, Geo. W. Foster, Jos. A. Smart, John L. Magee, Dr. C. H. Gilbert, C. E. Stone, A. S. Manning, Dr. Leitch, Dr. Hulme, Dr. Richards, Dr. Scott, William Odlin, Judge Poor, M. C. Andrews, Geo. F. Swift, J. Newton Cole, E. W. Pitman, the "Andover," J. H. Flint, J. W. Barnard, F. E. Gleason, J. H. Campion, Mrs. Higgins, Arthur Bliss, John L. Smith, Barnett Rogers, Alexander Lamont, Geo. Christie, Geo. Macdonald, G. W. Lindsay, William G. Goldsmith, L. H. Eames, Geo. T. Abbott, John W. Bell, E. R. Barton, Fred Higgins, Ezra H. Valpey, F. H. Ladd, J. W. Berry, Ira Abbott, Darius Richardson.

The stores which were illuminated were "The Metropolitan," Brown's, Bookstore, Pike's, Chase's, Bliss's Rhodes's, Valpey's, Hitchcock's, Higgins's bakery, Adams's, and others. Red fire was burned at the Republican headquarters and Andover club as the procession passed through the Square.

As aids on the staff of Marshal Berry were C. L. Bailey, F. H. Hardy, Emmanuel Downing, J. C. Ralph, S. H. Bailey, Arthur Holt, Arthur Jackson, Geo. A. Brown, Geo. L. Averill, Dr. C. H. Gilbert, J. J. Abbott and Geo. K. Dodge.

The following men made up the Washington Mills mounted club: W. N. Kimball, capt., C. A. Kendrick, lieut., E. K. Harrison, H. C. Holmes, Jas. Sullivan, Wm. Lees, Thos. Ryan, Albert Spurr, Peter Earle, Jas. Robateau, Ed. Searles. Occupying the barouches were: G. N. Norton, Jas. Boothman, J. B. Gould, Mark Hanna, Wm. Ball, Wm. Schuster, J. K. Smith, Edward Gilman, Thos. Forrest, M. Isles, E. J. Strickland, Thos. Platt, Thos. Somerville, Alfred Smythe, W. H. Hamilton, Chas. Buck, David Boyd, Wm. Smith, Bryan Bingham, George Diman; all superintendents or overseers from the Washington Mills.

Home from the Arctic Regions.

Mr. Charles L. Carpenter, who left Andover two years and a half ago, accompanying a Boston party of engineers on an exploring expedition in Northern Alaska, reached home late last night. He left the head waters of the Koyukuk river—150 miles north of the Arctic circle, as the river flows—about Sept. 1, descending the Koyukuk 750 miles in an open boat to the Yukon, thence as much farther to St. Michael's by steamer. The party took another steamer there by way of Cape Nome to Seattle, lying 19 days in Nome and having a slow and stormy passage across Bering sea and the North Pacific to Seattle, where he arrived Oct. 29. The trip across the continent was by the Oregon Short Line by way of Portland, Salt Lake City and Denver, passing through Nebraska on election day. Two of the party were left to hold the claims, which the unfavorable season did not permit them to develop, although a dam and sluiceway promising creek. They left their steamer, "Dorothy," on which they went to Koyukuk country, at the head of navigation. Mr. C. has been entirely well during all his long journeys, about 15,000 miles in all, and his two years sojourn in that wild region.

Obituary.

REV. M. L. GORDON, M. D.

Rev. M. Lafayette Gordon, M. D., D. D., a missionary of the American Board in Japan for twenty-eight years, died at Aburndale, Sunday. He was born July 18, 1843, at Waynesburg, Penn. He served three years in the army, from 1861 to 1864, in connection with a Pennsylvania regiment. He subsequently graduated from college in Waynesburg in 1868, and from Andover Theological Seminary in 1871. He studied medicine in Brooklyn and at the College of Physicians and Surgeons in New York city. He married Miss Agnes H. Donald of Andover, Mass., on July 13, 1872, and the same year they sailed for Japan. In recent years Dr. Gordon has been especially allied with the Doshisha at Kyoto, and was regarded as one of the ablest and most efficient of the missionaries of the board of Japan. He leaves a widow and three children, one of them the wife of Rev. Samuel C. Bartlett of the Japan Mission. Private services were held from the Theological Chapel Wednesday afternoon and burial followed in the Chapel cemetery.

Singing Class at Guild.

The first trial meeting of the singing class met at the Guild last night and it is feared that the visitation of the storm frightened some would-be members away. There will be one more trial meeting next Thursday, November 15, at 7.30, and it is hoped that all desiring the continuance of a class will make a great effort to be present next week.

CENSUS FIGURES.

Andover Shows a Substantial Gain
Methuen Makes a Big Advance

The population of Massachusetts has just been announced and shows an increase over 1890 of 506,403 or 25.2 per cent.

Andover's figures for 1900 are 6,813 while in 1890 they were 6,142, showing an increase of 671 in population. This is a substantial gain for Andover and seems to indicate that the town is growing slowly.

Following is a table showing the increase of several neighboring towns:

Town	1900	1890	Gain
Reading	4969	4088	881
Methuen	7512	4814	2698
North Andover	4243	3742	501
Boxford	704	805	101
Middleton	839	924	85
North Reading	1035	874	161
Tewksbury	3683	2515	1168

The above table shows to slight degree what electric roads are doing. In another 10 years Middleton and Boxford will probably show a gain instead of a loss.

West Parish.

The officers of the church and society will entertain the society and all friends of the church and parish in the vestry Thursday evening, Nov. 15. It is the first annual meeting of the Society. The reports of the year's work will be given, and plans for next year discussed. Refreshments will be served and some music and entertainment will be provided.

A social assembly will be held at the Grange hall this evening. The committee of arrangements consists of Charles L. Bailey, John A. Morrill and George L. Averill.

Clarence Haskell, who has been very ill with typhoid fever, is a great deal better. Dr. Conroy is in attendance.

BIG VOTE.

Andover's Ballot Last Tuesday Largest in Years. Victory for the Right Candidates.

Monday was as perfect a McKinley and sound money day as one could wish to see and the vote of Andover in common with the rest of the country proved conclusively how the people felt about Bryanism. Out of 1243 names on the list, Andover's vote was 1086.

The polls opened at seven o'clock, when Warden Higgins of Precinct one read the warrant. At once the men commenced to pass inside the railing to the booths where they marked their ballots. Herbert H. Hill deposited the first ballot in the box at three minutes past seven and the first 150 ballots were cast almost at the rate of two a minute. Acting as precinct officers in Precinct one were George A. Higgins as warden, Frank H. Hard, deputy warden; William J. Burns, clerk; Daniel A. Collins, deputy clerk; Louis A. Dane and William Doherty, inspectors; Ralph R. Ross and J. Frank Morse, deputy inspectors.

At 9.30 the first set of counters consisting of M. T. Welch, John F. Hurley, George Bailey and H. S. Stillings began work and at noon another set consisting of P. J. Dwane, Charles E. Donovan, Ralph W. Coleman and Alex. Dick. was added.

When the polls closed at 4.30 the deputy officers were put on as counters and at 5.45 every ballot had been counted. From then on until nearly eight o'clock the election officers worked at taking off the results from the tally sheets and totaling up.

When the results were announced there were many of the citizens in the hall eager to learn how the election was going.

Election Notes.

There was a big vote this year. An excellent Republican day.

Polls opened at 7; closed at 4.30 o'clock. The first 100 ballots were cast in 57 minutes.

Andover voted the right way—as always.

Herbert H. Hill was the first man at the ballot box.

John B. Jenkins was one of the luckiest ones who voted.

Election is over and the country is safe for another four years.

Credit the Republican town committee with getting out a big vote.

Andover's returns got in early, thanks to Warden Higgins of Precinct 1.

EXCELLENT EXHIBIT.

Display at Florist and Gardeners' Annual Better Than Ever.

Never during the year does Andover's ugly, bare, impossible old town hall take on a better appearance than at the annual Florists and Gardeners' exhibition which occurred yesterday and today. On this one occasion it seems transformed into a garden in which the blossoms are the choicest, the foliage the richest and the fragrance the sweetest. One is almost inveigled into believing that there is no homely old hall, but that a new one has taken its place.

The sides are partially concealed with a festooning of evergreen, fruit and vegetables. In front of the entrance is a handsome decorative group of palms, and other foliage from the greenhouse of Col. George Ripley, arranged by the efficient gardener, James Fairweather. Down through the centre of the hall are long tables of pinks, pansies, and chrysanthemums, foliage plants, and groups of ferns and palms. Mr. Piddington's group of decorative plants occupies a spot in the centre of the hall.

On the left was the exhibition by amateurs, and the fruit display. On the right, the vegetables occupy a prominent position, while the many lined and beautiful chrysanthemums rear their heads nearby. Over in the left hand corner is an exceptionally fine exhibition of platinum prints, the work of an artist who died in Andover, last fall. His name was N. W. Elwell and he resided in Beverly. To say that he was associated with Graves, the Kennebunkport painter of landscapes and portrayer of character, in much of his work, is sufficient guarantee of the artistic character of the photographs. Some of Mr. Elwell's work was sent to the Paris exhibition this summer and received a gold medal. Views in and around Kennebunkport, Me., Newcastle, Portsmouth, North Conway and the mountains of New Hampshire are most in evidence. The prints may be purchased.

On the stage are some handsome collections of plants. Mr. Patten of Tewksbury, sent down a very lovely vase of pinks for exhibition.

The dinner of the club was served to 10 covers in the Metropolitan at 2 o'clock with Fred M. Hill as chef. The dinner was especially good and was tastefully served. Mr. Farquhar and Mr. Wheeler both praised the organization for the excellence of the exhibit. The former said it was the best society ever had. It has been decided to change the name to the Andover Horticultural society with a view to receiving benefits from increased membership. Following were the exhibitions and winners.

Charles Steinbrink, who was convicted at St. John, Kan., on 49 counts of selling whiskey, in violation of the prohibitory law, was fined \$4000 and sentenced to 49 months in jail. As he cannot pay his fine, he will under the law, have to serve it out in jail at the rate of 50 cents a day, making his total jail sentence practically 30 years and nine months.

A whole fleet in the days of Nelson could be built and fitted out at a little more than the cost of a single ironclad, the coal, expended on a single cruise would pay for the refitting of his whole battle-line, while the immense shells required to make any impression on the modern armor plate cost more than his whole armament. But the modern line of battle ship could neither be built, armed or fought without the use of steam, and its evolution may have said to have commenced with the first application of the steam engine to navigation.

On the Petition of the Lawrence & Reading Street Railway Company for approval by the Board of a location granted by the Selectmen of the Town of Andover from the present terminus of the tracks of said Company on Main Street to its junction with Elm Street, against which location a protest was filed by William Odlin and others under the provisions of Chapter 578 of the Acts of 1898, the Board will give a hearing to the parties in interest at their Office, No. 20 Beacon Street, Boston, on Thursday the fifteenth day of November, instant, at ten o'clock in the forenoon. And the petitioner is required to give notice of said hearing by publication hereof twice prior to said date in the Andover Townsman, a newspaper printed in the Town of Andover, to serve a copy hereof on William Odlin, representing the protesters, and to make return of service at the time of hearing.

Per order of the Board,

WM-A. CRAFTS, Clerk.

Garneau's books and finances of the Bartenders and Drivers' union have been found correct but his whereabouts are still unknown. The organization will hold a concert and ball in the near future.

SPREAD LIKE WILDFIRE.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood, and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by Arthur Bliss, Druggist."

DEATH RECORD.

John B. Penniman, an old and much respected citizen, died last evening at 7 o'clock at his home, 483 Broadway. By his death Lawrence loses an honorable and upright man, a credit to the community.

Mr. Penniman was born in Warwick, Dec. 21, 1827. At the age of nine years he accompanied his parents to Lowell, where he received his education in the public schools. He came from Lowell to this city in 1854. The first ice house built in Lawrence was erected by him on the site now occupied by the Lawrence Ice company's houses on Water street.

In 1855 Mr. Penniman married Miss Sarah Sawyer of Newburyport, a woman who survives him. Upon coming to Lawrence he entered the employ of Joseph Shattuck, then in the grocery business and worked with him until 1857, when he started in business for himself. He opened a meat and provision store on Lawrence street, which he conducted as a market for 19 years after which he spent two or three years of retired life. He then embarked in the wholesale pork business at 56 Amesbury street. In 1895 he sold out to Church & Watts who a few years later sold their interest to the Lawrence Provision company.

He was a member of the Masonic order in this city. Besides his widow he is survived by three daughters, S. Ella, a teacher of Greek and English history in the High school; Ella V. V., the violin instructor; and Annie H., a teacher at Miss Sweet's private school on Tremont street. He also leaves one brother, George F., of Lowell and three sisters, Sarah of Lowell, Mary and Angeline Penniman of Andover.

The funeral arrangements have not yet been completed, but it will probably be held Wednesday.

GREAT LUCK OF AN EDITOR.

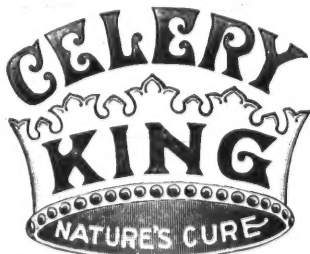

"For two years all efforts to cure Eczema in the palms of my hands failed," writes Editor H. N. Lester of Syracuse, Kan., "then I was wholly cured by Bucklen's Arnica Salve." It is the world's best cure for Eruptions, Sores and all skin diseases. Only 25c at Arthur Bliss, Druggist.

MR. WOOD A GUEST.

Following the custom that he adopted on the occasion of the Presidential election four years ago, Charles R. Flint will give a dinner to a number of his friends at his residence No. 4 East Thirty-Sixth street, on Tuesday evening. Mr. Flint will make arrangements whereby frequent bulletins will be received during the evening of election returns from different parts of the United States.

The dinner will be in the nature of a semi-political feast. The guests will include Senator Chauncey Depew, Frederick Straus, Samuel P. Colt, of Providence, R. I., Valentine P. Snyder, president of the Western National bank, James T. Gardner, William M. Wood, J. Pierpont Morgan, R. L. Coleman, president of the American Bicycle company, D. H. Warner, a merchant, of Manila, P. I., John Reynolds, Treasurer, L. Park, Charles F. Brooker of the Republican National committee; Dumont Clark, president of the American Exchange National bank, Michael P. Grace and Thomas F. Ryan.

Mr. Flint is in Maryland hunting for duck. He intends returning to town on Tuesday in time to vote.—The New York Herald.

A Young Girl's Experience.

My daughter's nerves were terribly out of order. She was thin and weak; the least noise started her, and she was wakeful at night. Before she had taken one package of Celeb. King the change in her was so great that she could hardly be taken for the same girl. She is rapidly growing well and strong; her complexion is perfect, and she sleeps well every night.—Mrs. Lucy McNeill, Brush Valley, Pa.

Celeb. King cures Constipation and all diseases of the Nerves, Stomach, Liver and Kidneys. Sold by druggists. 25c. and 50c.

FELL FROM CAR.

William Guard, a well known resident of Methuen, fell from an electric car in that town at 10:55 o'clock Wednesday morning and was instantly killed. The sad accident occurred on Broadway just above the Methuen hat shop.

Mr. Guard had been to Lawrence and was returning to Methuen on the car leaving the Transfer Station at 10:10. He was riding on the forward end of the electric car, and after the car passed Oakland avenue, he took a position on the lower step as if preparatory to get off at Park street.

As the car passed over the Spicket bridge just above the Methuen hat shop Mr. Guard lost his hold and fell, striking his head with tremendous force upon the hard, macadamized road. The car was stopped with all haste and willing hands rendered assistance in conveying him to the nearest house which was that of Edward F. Moriarty, 115 Broadway. The road where his head struck was bespattered with blood. Two Methuen physicians were immediately summoned, but the man had breathed his last. Examination showed that the skull had been fractured at the superior lateral portion of the left side. It is the opinion of the attending physicians that death had been instantaneous.

Under the Douglas was called and the body was taken to the late residence of the deceased 42 High street. It is not known exactly how Mr. Guard lost his hold. There is a down grade to this bridge on the way toward Methuen, and as the car strikes the bridge there is usually considerable side motion to the car especially if it is going with any speed. Those who were on the forward end at the time say that Mr. Guard who was standing on the lower step turned to speak to a friend just as the car struck the bridge, and that he was taken unaware and fell from the car. The car did not strike his body as far as any marks show; the only mark was the cut upon the head.

Mr. Guard was a painter by trade, and was well known throughout the town. He resided at 42 High street with his family. He was born in Devonshire, England, July 20, 1855, and was therefore 45 years, 3 months of age. When a child he removed to Swansea, Wales. About 18 years ago he came to America, and settled in Methuen where he remained ever since. For 14 years he was a member of the local fire department. He was a prominent member in the local brotherhoods, namely, the A. O. U. W., the A. O. F. and the Kenans Lodge K. of P. He is survived by a wife, four daughters and two sons, and one aunt in this town, Mrs. Westcott. The daughters are Mrs. Mary Remick, Annie Louise, Luina May and Alice Maude. The sons are William H. and George A. All the children live at home except Mrs. Remick who resides on Morrison street in this town.

OBITUARY.

John G. Weston, one of Lawrence's best known citizens, passed away at his home, 59 Lowell street, at 11:45 o'clock this morning after a final illness of about two weeks. He had been in poor health all summer, but had been able to keep about until two weeks ago last Monday. Since then he had gradually failed and although his death was expected, the end came suddenly, and is attributed to heart and stomach trouble.

John Goff Weston was born in Nashua, N. H., 57 years ago the 22nd of this month. He came to Lawrence when he was 10 years of age, and had lived in this city ever since. Twenty years ago he entered the awning and tent business, his store being at 98 Amesbury street, and had pursued it until his death.

The deceased was a member of Needham P. S. 32, G. A. R., Grecian lodge of Masons, Bethany commandery Knights Templar, Lawrence lodge of Odd Fellows, and board of trade. He was well known in this city and his death causes a loss to the community in which he had lived nearly all his life. To mourn his loss he leaves a widow and one adopted son, Elliott Weston.

The funeral will be held from the house and interment will be in Bellevue cemetery. Further arrangements have not yet been made.

MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern which is not afraid to be generous. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, Bronchitis, La Grippe and all Throat, Chest and Lung diseases are surely cured by it. Call on Arthur Bliss, Druggist, and get a free trial bottle. Regular size 50c and \$1.00. Every bottle guaranteed.

SENTENCED.

DOVER, N. H., Nov. 5.—John Williams convicted of murder in the second degree in causing the death of Thomas Dobbins July 4, and assault with intent to kill on Arthur Russess on same date, was sentenced this morning by Judge Young to 30 years on the first and 20 years on the second charge, making it aggregate a term of 50 years in the state prison.

Now and then what we call "taffy" is really only sugar-coated advice.—Indianapolis Journal.

When things don't go the way you want them to, quit resisting, and they will stop and go the other way.

Women Who have the Blues

Despondency in women is a mental condition directly traceable to some distinctly female ill. Well women don't have the blues, but comparatively few people understand that the right medicine will drive them away.

Lydia E. Pinkham's Vegetable Compound overcomes the blues, because it is the safeguard of woman's health.

It regulates the entire female organism as nothing else does. When the dragging sensation and the backache go, the blues will go also.

Read the letters from women appearing in this paper—women who have tried it and know. There are a million such women.

From Madison To McKinley

In 1816, when Madison occupied the President's chair, JOHNSON'S ANODYNE LINIMENT was originated by Dr. A. Johnson. For nearly a century it has remained a household remedy of the first rank. The grandparents of many who now brought through whooping cough, croup and all the accidents of childhood in safety by this remedy. Many a time a bottle of JOHNSON'S ANODYNE LINIMENT in the cupboard of some remote farm house, has saved life when sudden and acute disease has developed in the night. Many are now living in old age who owe their lives to this remedy. You can safely put your trust in a remedy that has stood the test of nearly a century and gained such a high reputation as has

Johnson's ANODYNE LINIMENT

A majority of the ailments of humanity begin, or are accompanied, with inflammation, and it is by controlling and removing this condition that Johnson's Anodyne Liniment cures widely different diseases, such as colds, coughs, croup, catarrhs, influenza, colic, cramps, diarrhoea, cholera morbus, bites, bruises, burns, stings, chafing and pain, and inflammation in any part of the body. Sold in two size bottles, 25c. and 50c., the larger size being the more economical. It holds three times as much.

Big Vote.

(Continued from Page 5)

Out of 1243 names registered, 1086 made use of their prerogative as voters.

Among the early voters were Dr. Bancroft, E. K. Jenkins, William M. Wood, John N. Cole and William Odlin.

Geo. A. Smith cast the 100th ballot at three minutes of 8; John E. Smith dropped the 150th at 8:30.

Simon Wardwell, who is in his 96th year, cast his ballot for President McKinley Tuesday. He was the oldest man to vote in this vicinity. He has voted since 1828, casting his ballot with the Whigs until the Republican party was formed.

Small fruit growers are somewhat alarmed lest the mild weather should prove injurious to next season's crop. In several cases the buds are swelling well enough to bursting on account of being forced.

Mrs. Mary Parker of Brighton died at 7 o'clock Tuesday at her home and the funeral services took place Friday.

Deceased was 83 years of age and was the sister of Mrs. J. W. Richardson of town. Mrs. Richardson and her son John W. Richardson attended the funeral.

A correspondent sends in the following clipping from the Farm Journal: "The thing to be dreaded now is that the trolley promoters will seize and occupy the highways not for the good of the public, but to enable them to speculate in stock, and line their pockets with pelf. The public roads should be maintained for such vehicles as have heretofore occupied them; the trolleys should find a way of their own, and pay for them a fair price. Trolley schemes on the make should be given the cold shoulder when they try to grab everything in sight without paying for anything."

Golf Exhibition at North Andover.
Robert Stronnar and A. H. Findlay played an exhibition match before the members of the North Andover Golf club yesterday afternoon. The greens were somewhat heavy owing to the heavy rain of the morning but notwithstanding the players put up a first class game. The course was in perfect order and the greens compare favorably with any around Boston. Mr. Stronnar gives lessons and will be at the course teaching all next week. He has made arrangements to go to Palm Beach, Fla., this winter.

The scores were as follows:
A. H. Findlay,
out 3, 3, 4, 4, 4, 4, 4, 5, 5, 36
in 4, 4, 4, 3, 4, 4, 4, 5, 4, 36

Robert Stronnar,
out 4, 4, 5, 4, 3, 4, 5, 5, 5, 39
in 4, 4, 4, 4, 3, 4, 5, 5, 6, 4, 38

Findlay won by 4 up and 2 to play.

CHAMBERLAIN'S PAIN BALM CURES OTHERS, WHY NOT YOU?

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best of satisfaction. She has used only one bottle and her shoulder is almost well.

"I will marry you, Horace," the maiden said, resolutely but shyly, "if you will promise to vote for William."

"I promise, darling!" impulsively broke in the young man, clasping her in his arms.

And the fond girl thinks that in winning a husband she has made a convert.—Chicago Tribune.

Election Day in North Andover.

The storm of the ballots is over and the canvass of the local vote follows in detail. Clerk Hayes announced the vote of Precinct 2 just before 8 o'clock and it was about 1:30 a. m. when Clerk Chickering of Precinct 1 gave the result in that polling place. Of 250 votes in Precinct 2, 206 were cast, and of the 661 votes in Precinct 1, 601 were cast.

An analysis of the vote shows that McKinley lost eight votes over that of 1896. Bryan gained 77. Knox's majority was 132 against 153 in 1896, due to some untoward circumstance of "cutting" the ticket. Sargent's vote was 396 against 321 last year, a gain of 75 over the previous vote.

The Democrats elected the County Treasurer by a plurality of 99. The total vote fell short of some estimates but was quite a heavy vote.

There is a street in Chicago named Fake street whose residents have petitioned the city government for a change of name. It was named before the word acquired its popular significance—probably in the Scottish meaning of a street of stone.

THE NEW FLANNEL WAISTS.

We can all be cadet girls this season, and as far as fashion is concerned, the autumn girl may assume all the epaulets and shoulder straps she desires with impunity. Even her flannel waist may be trimmed with rows of braid and gold buttons, and trimmings of white cloth, stock or vest have a military air which is distinctively the fashion.

In nearly all the flannel waists there is a tendency to more dressy smart tailors' effects, with straps of taffeta in the same color or silk embroidered figures serve to relieve the dull fuzzy appearance of the plain flannel, but as yet the simple flannel waist of good material holds its own, and relying on its good shape change but little with the season.

It is made with small box plaits half way down in front, and if the flannel is plain there are plaits in the back also, or if the goods is figured the back is plain. In the sleeves there is almost every pattern for the flannel waist, but the real thirty affairs is little altered.

A smart affair in a plain flannel shirt waist has the new box front which was introduced with some of the cotton waists of the summer, and this with the long front which is so much effected about every color is worn. The waist shades of gray and brown, and a new blue called "cadet" are most popular for knockabouts. For anything more dressy white flannel trimmed or untrimmed or untrimmed continues in favor, and there is nothing more smart in the plain flannel shirt.

The new silk flannel looks attractive and it purports to be a more dressy affair, but it has not yet acquired popularity.

Coming to trimmings and more elaborate effects you find no end of variety in certain lines of goods. There is the braided vest and collar, embroidery and even lace, but this effect is a waist rather than a shirt affair, for it is lined and sometimes finished at the bottom to wear over a skirt.

One such is a Russian blouse, and this also is white, with Russian embroidery. Good effect in white is achieved from a small yoke rounded in front and back with stock also of white topped off with a color. The most stunning creation of the season is the bolero of white with an underbodice of colored silk, and another in this style had a black bolero embroidered in gold.

This is decidedly a new departure in flannel waist ideas and it has developed a dressy "different" waist of cloth which may take the place of the silk waist. There is some use of cashmere and albatross which is tucked and there is nothing more dainty even if only slightly trimmed.

The most significant thing however, about these waists is the leaves. The double and bishop style is no longer a novelty, but a new one is decidedly of the leg of mutton style. The waist to the elbow is made with a series of small box plaits, and this fluffiness so becoming to slender women admits of numerous forms of ornament.

THE SHOPPER.

A citizen of Hartford, Conn., was arrested for catching frogs in a public reservoir. He was fined and appealed the case. The superior court has just decided that frogs are fish within the meaning of the statutes and that the accused was, therefore, liable under the law. The citizen had pleaded that the statue did not refer to frogs.

Most of the British regiments have their own newspapers, published once a month. The news consists chiefly of matters pertaining to the officers and men of the regiment and their families, but the papers also devote regular columns to sporting news, humor, poetry and other departments. All contributions are from members of the regiment. These papers are much in favor among officers and soldiers, and many of them are very well edited.

In 1896 the tailors organized the first labor organization in the United States. A traveling pedlar in Hallowell Me., drove quite a sharp trade recently in flour barrels. He called on the wife of a business man and purchased barrels for 10 cents each, and then sold them to the head of the household at his place of business at 25 cents each.

HER ROMANCE WAS SPOILED.
The neighbors are, quite naturally, interested in the movements of the young man. When he comes in or goes out the little home destined for a young couple soon to be married. At present the fact that he has several friends visit him each evening is a big subject for pleasant comment in the vicinity, around in the adjacent homes. The groom-elect keeps bachelor's headquarters in the house.

Several weeks ago a lady in an adjacent home noticed the groom-elect working in the flower beds.

"How thoughtful!" she remarked to another neighbor. "He's planting out flowers for his bride. What a nice husband he is going to make!"

After that the kind-hearted neighbor who had observed the young man in the flower bed always turned the garden hose over the fence when she had finished sprinkling the plants in her own flower beds.

"He's at home so late," she explained to her friends, "and the flowers need water so badly these hot days. And I do want the bride to have pretty flowers when she comes. I think he's planted hothouses."

Late in the evening she had the satisfaction of seeing the groom-elect working in the flower beds, picking here and there surplus leaves from the plants, and evidently supplementing her work by careful pruning.

Thursday afternoon she leaned over the fence to have a closer look at the plants. They appeared to be green enough, but there were no flowers. A closer scrutiny disclosed the fact that the plants were shedding their leaves and only the stalks with a bunch of green at the top remained.

Then the kind-hearted neighbor concluded to go over to the flower bed and make a careful inspection of the plants. She came back hurriedly and out of breath.

"What a wicked young man!" she announced to her nearest neighbor, shortly afterward. "What do you suppose he's planted in that flower bed? It's mint! A big bed of mint! And I have been watering it all this time!"

"That night a tumblerful of ice in tall glasses, a gurgling from the throat of a quart bottle, a faint aroma of mint, and the laughter of a party of men around a table within the walls of the pretty home, told an eloquent story of the industry of the groom-elect in planting flowers for his fiancée—Atlanta Constitution.
